# VOLUNTEER WORKDAYS

---

Volunteer Workdays are monthly opportunities for community members to give back to nature and their community by participating in habitat clean-up, shrub and flower planting, graffiti removal, and many other tasks to keep the trail safe and enjoyable for all.

We host Volunteer Workdays eight months out of the year. Our 2022 season saw 289 volunteers. Due to the addition of a volunteer coordinator, we plan to see our volunteer program grow immensely in 2023. Sponsoring Volunteer Workdays shows your commitment to clean water ways, thriving wildlife habitats, and healthy communities.

# SAND CREEK MURAL FESTIVAL

---

September 16, 2023

In 2020, the Sand Creek Regional Greenway Partnership (SCRGP) installed the Greenway's very first mural. In 2021, SCRGP installed its second mural. Both murals can be found along the old runway walls of the former airport. In 2021, the SCRGP and the City of Denver, officially named this section of the Greenway the Sand Creek Art Walk. We endeavor to have all 2,000 feet of the walls covered in public art within five years.

2023 will be the first year of the Sand Creek Mural Festival. This 1-day, community engaged festival, will include local artists who will create a one-of-a-kind mural to cover 200 to 300 feet of the runway walls.

It celebrates community and nature while elevating local artists and culture. Attendees spend a beautiful Colorado summer evening enjoying live music, performers, a full bar, dinner, and the opportunity to connect with each other.
